

## Joye Moon Workshop March 2011

---

Joye Moon is a superb artist instructor. Twenty artists, many of them society members and a few out-of-towners, participated in a three day workshop in learning new techniques in water-media. Watercolor can be a lot of fun when we allow it to do its magic. The group was shown how to block and re-direct paint on paper, create textures and introduce patterns by using natural materials as stamps. These techniques are outlined in Joye's book, [Exploring Textures in Watercolor](#).

These are the artists that attended the workshop: Doreen Schaller, Ken and Linda Menke, Linda Riddle, Emily Hale, Ellen Burger, Nancy Larkin, Debra Lachter, Jan Walker, Penny G. Anderson, Dee Beggarly, Susan Swihart, Mary Gambon, Donna Bonk, Marina Haldas, Janis Spitzer, Stuart Johnson, Susan Phillips, Carla Parris, and Sally Hall.
